**NB** In the tables on the following pages, the column headings refer to:

Item	Quantity	Unit price (£)	Life (weeks)	Weekly cost (£)
------	----------	----------------	--------------	-----------------

**Item:** Name or type of item

**Quantity:** Number of items needed (in food this could relate to individual items, e.g. cooking apples, or packs of an item, e.g. bag of apples, cartons of fruit juice)

**Unit price:** The cost for 1 of that item (whether an individual item or a pack)

**Life (weeks):** The number of weeks the item is expected to last before it needs replacing

**Weekly cost:** (Quantity x Unit price) divided by (Life in weeks)  
e.g. 1 pack of fishcakes costing 80p lasting 2 weeks has a weekly cost of  $(1 \times £0.80)/2 = £0.40$
